Grateful Women Write Us Letters. From every corner of the country come thankful letters written by those who have been lifted into cheerful, vig orous, healthy strength by Dr. Pierce'

Favorite Prescription. Thousands on thousands of women have been relieved of the nerve-nagging drag of weakness and pain. They have been made better wives and better mothers by having perfect health restored, and without the humiliating exposure of examinations so generall insisted on by physicians. The stereotyped treatment by "local applications" is seldom necessary, and there is no reason why modest, sensitive women need submit to them.

Dr Pierce's Favorite Prescription is of purely vegetable composition and is perfectly harmless in any condition of the system. It exerts a wonderful soothing, healing and strengthening power over woman's delicate organism. an invigorating tonic for the whole sys tem and is almost an infallible specif for the peculiar weaknesses, irregu ties and pain ul derangements of woman.

To these causes may be traced the trouble of tired, nervous, irritable, wornout women. Careless, easy-going doctors frequently treat their women patients and biliousness, nervousness, dyspepsia, live or kidney troubles, when the real sick ness is in the organs distinctly feminine and no help can come till they are made perfectly strong and healthy in bot structure and function which is brougt sbont in due time, by the use of Dr Pierce's Favorite Prescription Prescribed for 30 years by Dr. Pierce.
